1. What are you hoping to get out of today's workshop?

Better ideas and strategies to better engage my students in literacy through movement

Evaluation of Movement and Literacy Workshop

1. Please use candor to tell me the extent to which I met your objectives.

I absolutely loved this presentation! we absolutely need more movement in our classroom in Math and Literacy and this training was just what will enable our students for success! Thanks!

2. Did I waste your time? If not, would you share with me something that you learned from this presentation?

I really enjoyed the collaboration of ideas with other teachers as well as your wonderful stories, ideas and strategies on Literacy / Math and movement. Thank you! I will definitely use it in my classroom.

3. On a scale from 1 to 10, please rate the workshop.

1 2 3 4 5 6 7 8 9 10 Loved it!
Poor Excellent

4. Would you share with me anything I might do to improve the presentation?

Absolutely loved it! It was fun!
Please offer more presentations

5. Do you plan to use this with your students? Yes No

6. Do you feel prepared to train other teachers to implement Movement & Literacy?

yes, I will share with my administrators and co-workers!

Loved it!
Great training!

Please come back and do another!

Literacy and Movement Evaluation January 22, 2015

1. What are you hoping to get out of today's workshop?

Learn activities that I can use with my students that will help them learn to read.

Evaluation of Movement and Literacy Workshop

1. Please use candor to tell me the extent to which I met your objectives.

You surpassed my objectives. As I leave her energize and excited to go and do whisper loud w/ my students TOMORROW!!

2. Did I waste your time? If not, would you share with me something that you learned from this presentation?

Absolutely not. I learned how the brain can be extended through movement and rhythm.

3. On a scale from 1 to 10, please rate the workshop.

1 2 3 4 5 6 7 8 9 10
Poor Excellent

4. Would you share with me anything I might do to improve the presentation?

I don't think I can. You were awesome

5. Do you plan to use this with your students? Yes No

6. Do you feel prepared to train other teachers to implement Movement & Literacy? I think I am. May need a little practice on it though.

Literacy and Movement Evaluation January 22, 2015

Sponsored Region One Education Service Center

Pre-Survey separately

1. What are you hoping to get out of today's workshop?

I am hoping to take wonderful different ideas ~~that~~ I can apply to my classroom.

Evaluation of Movement and Literacy Workshop

1. Please use candor to tell me the extent to which I met your objectives.

It was awesome, I really learned a lot of new ideas.

2. Did I waste your time? If not, would you share with me something that you learned from this presentation?

Definitely not, it was all very useful information. I learned first hand how much standing/moving can improve attention span.

3. On a scale from 1 to 10, please rate the workshop.

1 2 3 4 5 6 7 8 9 10
Poor Excellent

4. Would you share with me anything I might do to improve the presentation?

5. Do you plan to use this with your students? Yes No

6. Do you feel prepared to train other teachers to implement Movement & Literacy?

Yes, it would be fun.

Literacy and Movement Evaluation January 22, 2015

Sponsored Region One Education Service Center

Pre-Survey separately

1. What are you hoping to get out of today's workshop?
* ways to incorporate more movement combined with learning that will help children target specific skills

(moving physically while learning math)

Evaluation of Movement and Literacy Workshop

1. Please use candor to tell me the extent to which I met your objectives.
I came to the workshop with the idea of implementing more movement in the classroom while teaching. The training was right on target!
2. Did I waste your time? If not, would you share with me something that you learned from this presentation?
Of course not! I really enjoyed it. Every single mat has many different ways a teacher could implement different strategies and target different skills. A teacher could never get bored with a mat, nor will the children because your constantly changing activities with a single mat.

3. On a scale from 1 to 10, please rate the workshop.

1 2 3 4 5 6 7 8 9 10 

Poor Excellent

4. Would you share with me anything I might do to improve the presentation?
All ideas were expressed greatly but maybe be more precise on what academic level can be used in the different activities. Example - ELL or strugglers use color mat for colors, on level could do the same, challenging students spelling the word or other ways.
5. Do you plan to use this with your students? Yes No
6. Do you feel prepared to train other teachers to implement Movement & Literacy?
Personally as a kinder teacher, I am constantly moving in the classroom and involving the children to move with me. I do movement for blending, rhyming, deleting initial & final sounds, counting by 1's, 2's, 5's, 10's spelling of the number and so much more. I do "stretching" activities throughout the day to get "arts out of their pants". I have encouraged other teachers in my grade level to do the same, some do, others will teach from behind their desk. As an experienced k-teacher with a master's in early childhood, I know their attention span is extremely short. This training has exposed me to new and creative ideas to help with math and literacy. I love the mats! I can target with it!

Literacy and Movement Evaluation January 22, 2015

Sponsored Region One Education Service Center

Pre-Survey separately

1. What are you hoping to get out of today's workshop?

Different kinesthetic activities for my little ones (kinder).

Evaluation of Movement and Literacy Workshop

1. Please use candor to tell me the extent to which I met your objectives.

It was really great. It was a refreshing, you made it easy for me to design movements for many lessons. I loved it!

2. Did I waste your time? If not, would you share with me something that you learned from this presentation?

Like I said it was really awesome, I came up with movements to use for math and for stories, etc.

3. On a scale from 1 to 10, please rate the workshop.

1 2 3 4 5 6 7 8 9 10
Poor Excellent

4. Would you share with me anything I might do to improve the presentation?

maybe incorporate technology or songs for the mats.

5. Do you plan to use this with your students? (Yes) No

6. Do you feel prepared to train other teachers to implement Movement & Literacy?

I could try! ' ☺

Literacy and Movement Evaluation January 22, 2015

Sponsored Region One Education Service Center

Pre-Survey separately

1. What are you hoping to get out of today's workshop?

Different strategies to add movement into the classroom.

Evaluation of Movement and Literacy Workshop

1. Please use candor to tell me the extent to which I met your objectives.

It was very interesting. I loved all the mats!

2. Did I waste your time? If not, would you share with me something that you learned from this presentation?

I learned that movement is very important and that students learn more through movement.

3. On a scale from 1 to 10, please rate the workshop.

1 2 3 4 5 6 7 8 9 10
Poor Excellent

4. Would you share with me anything I might do to improve the presentation?

Maybe instead talk to teachers about how we need to work with technology for movement as well. Kids grow up with technology, we need to work w/it. Gonoodle.

5. Do you plan to use this with your students? Yes No

6. Do you feel prepared to train other teachers to implement Movement & Literacy?

↓
Not 100% prepared, but I can inform them on how awesome the mats are and how well they can help ALL our students.

Literacy and Movement Evaluation January 22, 2015
