

ACTIVE SCHOOLS WORKSHOP

 MATH & MOVEMENT™

Training for Prek-5th Grade Educators
(Elementary Teachers, Physical Education, Special Education, Interventionists)

DATE | TIME

School Name, School Address

WHAT YOU WILL LEARN

This interactive workshop offers kinesthetic strategies that support the curriculum, build number sense, and develop critical thinking and deep conceptual math understanding. These strategies will also increase student fluency and their ability to focus and concentrate in the classroom. This is a fast-paced and fun workshop packed with new ideas for linking movement with content throughout the school day. The workshop also includes “trauma-informed” teaching practices that benefit all students. Teachers complete the one-day training feeling energized and inspired!

ALL TEACHERS WILL RECEIVE

- The Math & Movement Training Manual (hard copy and ebook)
- Multiply With Me, Learning to Multiply Can Be Fun Instructor Guide and Student Workbook (ebooks)
- Buddies: A Math Adventure (e-book)
- Honey: A Math Adventure (e-book)
- Freddy Fibonacci's Awful Allowance (e-book)
- 6 Digital Skip Counting Banners
- Common Core Lesson Plans (e-books)

The value of the teacher giveaways for this workshop is over \$280 per teacher.
