WELCOME TO OUR PRODUCT CATALOG FOR 2022

On behalf of the Math & Movement team, welcome to our catalog! Whether you are new to our program and products, or a long time enthusiastic, we hope you find something that sparks your interest.

In this catalog, you will find a range of classroom, playground, and home products for use by students of all ages and learning abilities.

We have several new categories in this catalog - music, SEL, physical education, and more. You'll also notice our options for floor stickers throughout the categories, in addition to our regular floor mat options. If you see a floor mat listed that does not have a sticker option listed, but you are interested in it as a sticker, please reach out!

We are adding new products and variations all the time. Our website will always have the most up-to-date resources. If you are looking for something specific that we do not currently make, we can design custom mats and stickers. We can also assist your organization with grant writing and purchase order placement. Please let us know if you can't find what you are looking for.

Thank you for your support of kinesthetic learning!

Suzy Koontz

FOUNDER AND CEO, MATH & MOVEMENT

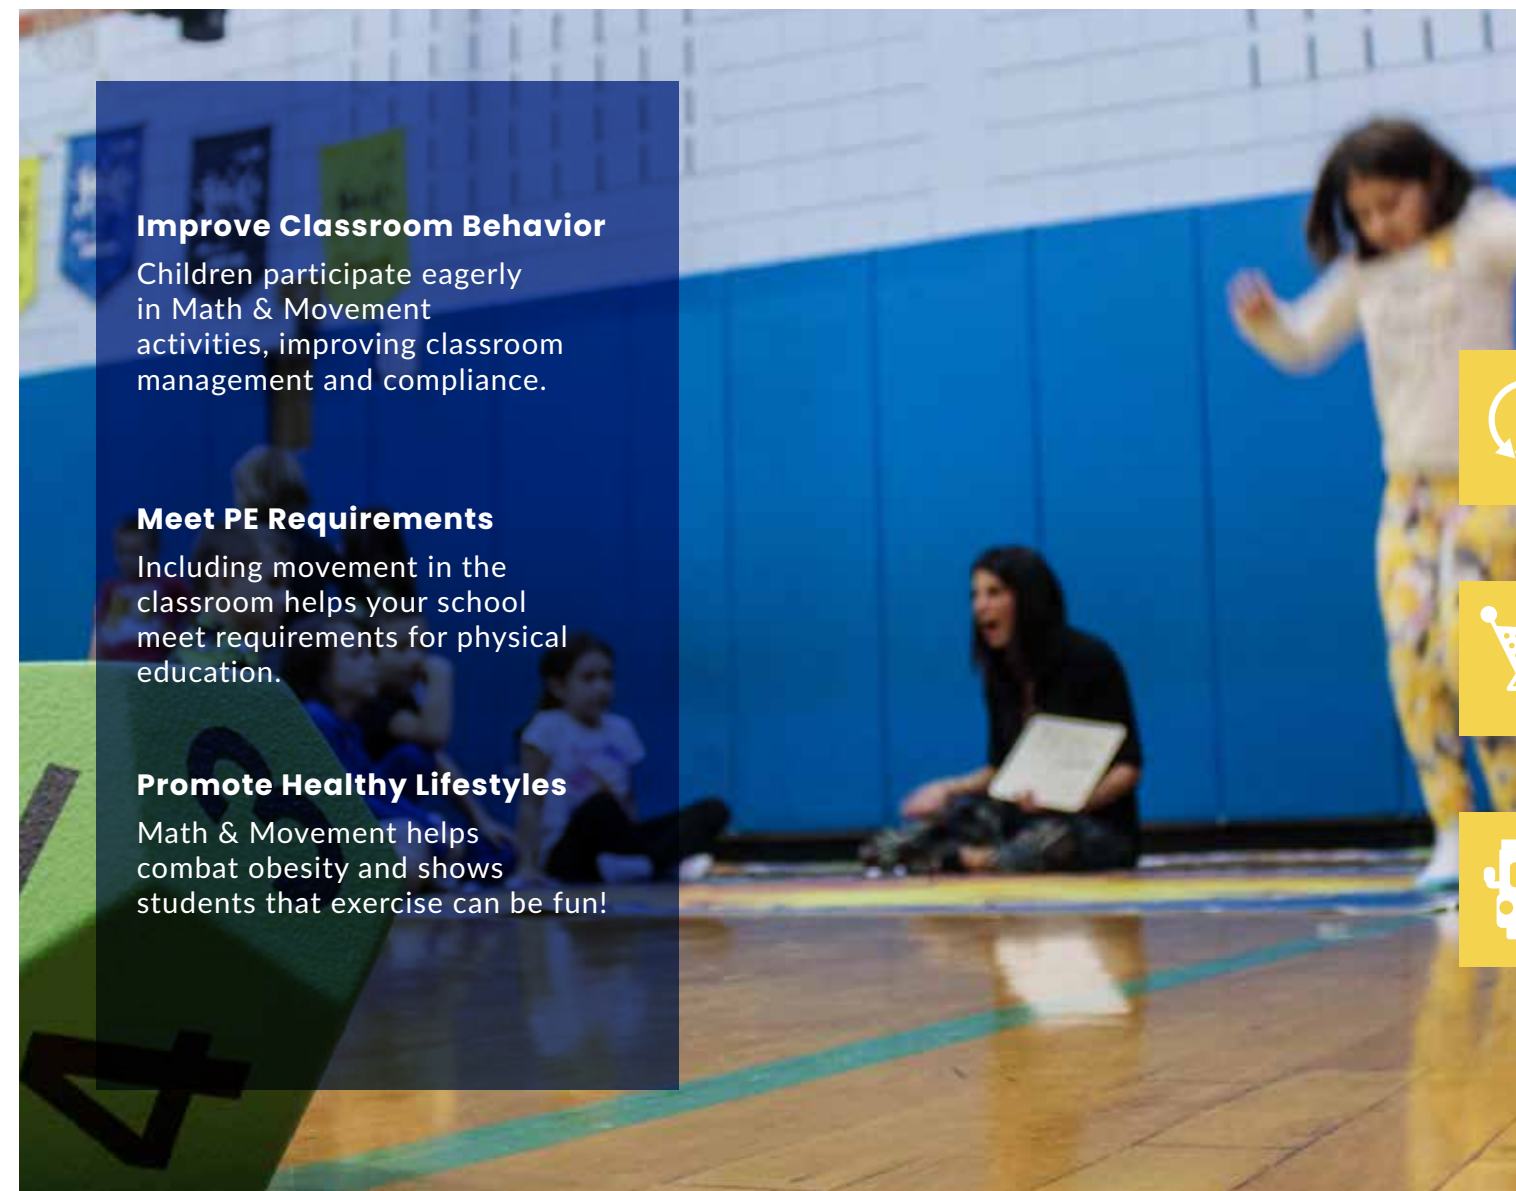

EXERCISE BODY AND MIND

At Math & Movement, our mission is simple:
Get students active and confident in learning.

Combining data, research, and decades of collective teaching experience, we have created a series of kinesthetic educational materials with that purpose in mind. Our program is designed to engage learners mentally and physically and supplement your school's curriculum.

Not just for math! Don't let the name throw you! Yes, we love math, but we are on a mission to connect movement to all content areas. We have activities and learning tools for literacy, science, geography, and more to bring kinesthetic learning to every classroom.

If you need a special quote, please contact us!

Improve Classroom Behavior

Children participate eagerly in Math & Movement activities, improving classroom management and compliance.

Meet PE Requirements

Including movement in the classroom helps your school meet requirements for physical education.

Promote Healthy Lifestyles

Math & Movement helps combat obesity and shows students that exercise can be fun!

HOW TO ORDER

Orders for an individual teacher, a school, or a whole district have different needs. Here are some tips for ordering:

SEARCH FOR YOUR PRODUCT

Each product can be searched on our site by product name or SKU. The SKU can be found directly under the product name in the catalog.

CHECKOUT AND PAYMENT

Credit card payments and purchase orders are accepted through our website. POs can be uploaded at checkout.

DELIVERY

Once we have received your order, you can expect to receive your materials within 2 weeks.

MORE PRODUCTS MORE LEARNING MORE FUN

Our team has created a wide range of brand new materials which you will find in our catalog. The biggest additions for the year are our new floor stickers and the ability to laminate mats for dry-erase use. We're thrilled to offer a wide-range of interactive products for educators and students to enjoy.

These past few years have been wild for everyone, our business included. This time made us reflect on what student's really need and how we can creatively inspire a new generation of learners.

KINESTHETIC LEARNING MATERIALS MADE IN THE USA

- Designed by artists, local teachers, and our team
- Printed In-House at our Shop in Upstate New York
- Hand Cut and Crafted to Perfection

SCHOOL-SAFE MATERIALS

All of our mats and stickers are printed on latex-free materials. Our mats are extremely durable, lasting years with proper care. Our stickers are 'janitor approved' and can be waxed over to improve durability in high traffic areas.

Easy to Clean

Although the materials are very durable, you might notice some dirt or scuff marks if students are using them with their shoes on. To clean the mats and stickers, mix a solution of soap and water in a spray bottle. Spray down the materials and wipe with a cloth.

Durable

We've taken great care to find materials that will hold up over years of use. We know every penny counts in education, which is why our materials are made to last.

OUR MATERIALS

MATH MADE FUN

Above: Clock Hop Mat, \$395

FEATURES

Our math floor mats and stickers offer a kinesthetic opportunity for children to practice math skills. The large size of the products allow students to jump as they practice their skills. Multiple modalities (visual, auditory, motor, and kinesthetic) are used when students use our math products.

The following products range from floor mats, to stencils, to stickers. Please make sure you note the type of product. Floor mats are best for moving around the classroom and for sharing among classes. Floor stickers are more permanent fixtures in hallways and common areas. Stencils are used to create painted patterns outside.

If a design does not come in the variation you had hoped for, please reach out to see if it is possible for us to create the material in a different format.

MATH PRODUCT CATEGORIES

We've split up math products into 3 main categories to help you find what best fits your classroom needs. Grade ranges are suggested based on standards, but our materials can be adapted to cover a wide range of activities and grades.

■ BASIC MATH

Main Concepts: number recognition, addition, subtraction
Main Grade Range: PreK - Grade 1

■ INTERMEDIATE MATH

Main Concepts: multiplication, division, place value
Main Grade Range: Grade 2 - Grade 6

■ ADVANCED MATH

Main Concepts: fractions, exponents, negative numbers, trig, operations
Main Grade Range: Grade 5 - Grade 12

BASIC MATH

NUMBER RECOGNITION, ADDITION, SUBTRACTION

It is especially important for young learners to feel confident and successful when learning math! These beginning concepts are the building blocks for all other skills they will need throughout their academic years.

The following materials cover concepts taught from PreK through Grade 1. However, most can also be expanded for higher grade levels.

Above: Add/Subtract Mat, 8 ft x 8 ft, \$395

ADD/SUBTRACT MAT

MM0018

The numbers 1-100 are laid out in a colorful grid. This mat is a great tool for drilling counting and practicing adding and subtracting. Available in three sizes. 8x8 ft and 10x10 ft mats come in two parts and are held together by heavy-duty Velcro.

- Mini: 5 ft x 5 ft \$245
- Regular: 8 ft x 8 ft \$395
- Large: 10 ft x 10 ft \$395

ADD/SUBTRACT 1-120 MAT

MM0120

An extended version of our regular Add/Subtract Mat, including numbers 1-120. Available in three sizes. 8x8 ft and 10x10 ft mats come in two parts and are held together by heavy-duty Velcro.

- Mini: 5 ft x 5 ft \$245
- Regular: 8 ft x 8 ft \$395
- Large: 10 ft x 10 ft \$395

ADD/SUBTRACT OUTDOOR STICKER

MMSTO0018

One of our most versatile mats is now an outdoor sticker! The numbers 1-100 are laid out in a colorful outdoor sticker, perfect for playgrounds and other outdoor spaces. This mat is a great tool for counting drills and practicing adding and subtracting.

- Size: 94 in x 94 in
- Price: \$595

0	1	2	3	4	5	6	7	8	9
10	11	12	13	14	15	16	17	18	19

90	91	92	93	94	95	96	97	98	99

**HUNDRED NUMBER GRID
0-99 MAT**

MM174

A different variation of our Add/Subtract Mat. Instead of beginning with 1, this mat begins with 0 and goes up to 99. Available in 3 sizes. 8x8 ft and 10x10 ft mats come in two parts and are held together by heavy-duty Velcro.

- Mini: 5 ft x 5 ft \$245
- Regular: 8 ft x 8 ft \$395
- Large: 10 ft x 10 ft \$395

**100 NUMBER GRID
CLASSROOM RUG**

MM0081

Our popular 100 number grid as a large, high-quality rug! This rug is ideal for home or classroom use. Play “Simon Says” or sit on the rug to play or complete assignments. Hand made in the USA.

- Size: 124 in x 128 in
- Price: \$1,995

**NUMBER LINE 0-21
CLASSROOM RUG**

MM0019

A fabulous indoor carpet for home or classroom use. Ideal for use in mudrooms or classroom coat areas. Students practice counting, addition and subtraction through play and fun games!

- Size: 27 in x 133 in
- Price: \$495

1-100 STENCILS

STNL100

Outdoor stencil squares for numbers 1-100. Create your own hundred number grid or number line pattern for use on playgrounds, sidewalks, and more!

- Size: 125 in x 125 in
- Price: \$595

CLOCK HOP MAT

MM0046

At 5 feet square, this clock floor mat is a fun way for kids to learn how to tell time with an analog clock as required in many state curriculums. It is also a great way to learn how to skip count by 5's! Includes 4 laminated clock hands

- Size: 5 ft x 5 ft
- Price: \$245

**GEOMETRIC SHAPES
HOP MAT**

MM165

This mat shows shapes with many sides, including triangle, square, pentagon, hexagon, heptagon, octagon, nonagon, and decagon. For each shape, the name, amount of sides, and image are included.

- Size: 38 in x 114 in
- Price: \$175

MY FIRST SHAPES

Through pictures and words, these products make it fun to learn the names of basic shapes! Includes circle, square, triangle, rectangle, half circle, rhombus, kite, and trapezoid.

MY FIRST SHAPES MAT MM166
MY FIRST SHAPES STICKER MMST166

- Size: 38 in x 121 in
- Price: \$125

NUMBER LINE TO 10 MAT

MM0065

This colorful vinyl mat includes the numbers zero through ten in numerals, letters, and grouped symbols for building fundamental number literacy skills.

- Size: 30 in x 120 in
- Price: \$95

NUMBER LINE 0-10 FRUITS AND VEGETABLES MAT

MM168

This beautiful and colorful number line shows numbers through amounts of fruits and vegetables. Includes numbers 0 - 10 with varying fruits and vegetables.

- Size: 30 in x 120 in
- Price: \$95

10	20	30	40	50	60	70	80
110	120	130	140	150	160	170	180

710	720	730	740	750	760	770	780

MAKE 100 HOP MAT

MM178

The numbers 10 through 1,000 are laid out in a colorful grid. This mat is a great tool for counting drills and practicing adding and subtracting by ten. 8x8 ft and 10x10 ft mats come in two parts and are held together by heavy-duty Velcro.

- Mini: 5 ft x 5 ft \$245
- Regular: 8 ft x 8 ft \$395
- Large: 10 ft x 10 ft \$395

DOUBLES HOPSCOTCH

MM198

Pracitce addition with this hopscotch mat. Addition facts include 1+1, 2+2, all the way to 10+10.

- Size: 30 in x 200 in
- Price: \$195

HOP BY TENS

Includes the multiples of ten through one hundred in numerals for building fundamental number literacy skills. Includes 0 to 100 by tens.

HOP BY TENS FLOOR MAT MM0079

- Size: 30 in x 120 in
- HOP BY TENS STICKER MMST0079
- Size: 26 in x 120 in
- Price: \$95

HOPPING BY 100'S

Shows students how to skip count by hundreds! Includes 0 to 1,000 by hundreds.

HOPPING BY 100'S FLOOR MAT
MM169

- Size: 30 in x 120 in
- Price: \$95

HOPPING BY 100'S STICKER
MMST169

- Size: 26 in x 120 in
- Price: \$95

HOPPING BY 1000'S

Shows students how to skip count by thousands! Includes 0 to 10,000 by thousands.

HOPPING BY 1000'S FLOOR MAT
MM197

- Size: 30 in x 120 in
- Price: \$95

HOPPING BY 1000'S STICKER
MMST197

- Size: 26 in x 120 in
- Price: \$95

MAKE SUMS MATS

Learn to add numbers to arrive at seven, eight, or nine. These mats also help students learn what makes numbers odd or even and other early math counting and manipulation skills. These large format mats include numbers, words, and symbol groups for each number.

MAKE 7 MAT MM0086
30 in x 86 in \$85

MAKE 8 MAT MM0085
30 in x 97 in \$85

MAKE 9 MAT MM0084
30 in x 109 in \$95

MAKE SUMS SET MM10015
all three mats \$245

COUNT TO TEN

Help your students count to ten. These products include the number, number word, and dots to help young learners hop from zero to ten. Available as a mat or sticker.

COUNT TO TEN FLOOR MAT
MM190

- Size: 30 in x 120 in
- Price: \$145

COUNT TO TEN STICKER
MMST190

- Size: 24 in x 102 in
- Price: \$145

OPEN NUMBER LINE MAT

MM193

This long, single column mat has 20 hash marks equidistant apart so that they can be used in many different ways to show number sequences. To maximize its flexibility, it does not come with any numbers written on it.

- Size: 30 in x 130 in
- Price: \$145

ORDINAL NUMBERS HOP MAT

MM162

This mat shows ordinal numbers in the form of numerals, words, and pictures. Includes 1st through 10th.

- Size: 30 in x 108 in
- Price: \$125

WHOLE PART AND NUMBER BOND FLOOR MAT

MM185

This mat allows students to kinesthetically understand the relationship between the whole and the parts of a whole. Students use their entire body or manipulatives to make sense of the whole-part concept.

- Size: 53 in x 30 in
- Price: \$145

CONNECT THE DOTS

The Connect The Dots products allow students to create shapes, count squares, and engage in creating number patterns. Both options are laminated for use with dry-erase markers. Available as a mat or sticker. Price and size are the same for the mat and the sticker.

CONNECT THE DOTS LAMINATED FLOOR MAT
MMLM192

CONNECT THE DOTS LAMINATED STICKER
MMST192

- Size: 30 in x 50 in
- Price: \$165

TEN FRAME HOP

The Ten Frame products offer a kinesthetic opportunity for students to understand numbers. Students enjoy using their whole body to develop number sense. Available as a mat, sticker, or stencil.

TEN FRAME HOP FLOOR MAT MM184

- Size: 64.5 in x 30 in

TEN FRAME HOP STICKER MMST184

- Size: 50 in x 25 in

TEN FRAME HOP STENCIL STNL184

- Size: 61 in x 25 in

- Price: \$145

INTERMEDIATE MATH

MULTIPLICATION, DIVISION, PLACE VALUE

The skills covered in this group of materials are essential for students to feel successful as they progress into more advanced concepts. Kinesthetic approaches to multiplication and division skills are especially helpful for students.

The following materials cover concepts taught from Grade 2 through Grade 6. However, most can also be expanded for lower and higher grade levels.

Above: Skip Counting by 4s Mat, \$175 (pg 25)

DOLLAR HOP MAT

MM0087

Builds skills with recognizing money and their relative values with pictures and words for each type of coin. The three columns show how many of that coin equals one dollar, the name, and picture. Includes pennies, nickels, dimes, quarters, half-dollars, and one dollar.

• Size: 38 in x 66 in

• Price: \$125

MONEY HOP MAT

MM0088

Builds skills with recognizing coins, bills and their values with pictures and words for each type of money. This mat has three columns that shows the cent amount, money name, and picture. Includes penny, nickel, dime, quarter, half-dollar, one dollar, five dollars, and ten dollars.

• Size: 38 in x 81 in

• Price: \$125

US MONEY MAT SET

MM10013

Discounted set of the two US Money Mats, the Dollar Hop Mat and the Money Hop Mat (both listed above individually).

• Price: \$245

FACTOR FUN

Drill multiplication by putting factors in the horizontal and vertical rows of boxes and the product in the box where they intersect. Available as a floor mat with cards, a laminated floor mat to use with dry-erase markers, or a laminated sticker to use with dry-erase markers.

FLOOR MAT + CARDS MM0089

• Size: 54 in x 51 in

LAMINATED FLOOR MAT MMLM0089

• Size: 50 in x 50 in

LAMINATED STICKER MMST0089

• Size: 50 in x 50 in

• Price: \$345

HOPSCOTCH FOR THREES

These colorful hopscotch grids help students skip count by threes to thirty. Use them for a variety of adding and multiplying activities. Available as a floor mat, floor sticker, and outdoor sticker.

FLOOR MAT MM0083

• Size: 30 in x 200 in

• Price: \$195

FLOOR STICKER ST0083

• Size: 24 in x 200 in

• Price: \$195

OUTDOOR STICKER MMST0083

• Size: 23 in x 200 in

• Price: \$295

MEASUREMENT MATS

These mats teach the breakdown of inches, feet, and yards as students jump through the tiles. Available in two variations:

MEASUREMENT HOP MAT

MM177
Includes 0 to 60 feet. Comes in 5 parts. Each the part is held together with heavy-duty Velcro.

• Size: 30 in x 756 in

• Price: \$595

MEASUREMENT HOP MAT 0-12 FEET

MM177-A
Includes 0 to 12 feet.

• Size: 30 in x 156 in

• Price: \$125

MULTIPLICATION HOP MAT

MM154
This colorful mat is a fun way to show the times table, including numbers all the way from 1x1 to 10x10. Available in three sizes. 8x8 ft and 10x10 ft mats come in two parts and are held together by heavy-duty Velcro.

• Mini: 5 ft x 5 ft \$245

• Regular: 8 ft x 8 ft \$395

• Large: 10 ft x 10 ft \$395

MULTIPLICATION HOPSCOTCH MAT

MM150

This hopscotch mat helps students learn how to multiply numbers by themselves, from 1x1 to 10x10.

- Size: 30 in x 200 in
- Price: \$195

GARDEN MULTIPLICATION HOPSCOTCH MAT

SH0035

Learn multiplication facts with popular K-5 science terms and images. This mat includes animals such as the ruby-throated hummingbird, and other native bees, butterflies, and insects.

- Size: 38 in x 200 in
- Price: \$195

NUMBER GRID

This large-scale Quadrant 1 visual introduces the coordinate grid to students. Available as a floor mat (3 sizes), a laminated floor mat, or laminated sticker both for use with dry-erase markers.

FLOOR MAT MM194

- Mini: 5 ft x 5 ft \$245
- Regular: 8 ft x 8 ft \$395
- Large: 10 ft x 10 ft \$395

LAMINATED FLOOR MAT MMLM194
LAMINATED STICKER MMST194

SKIP COUNTING MATS

Reinforce multiplication and factoring for use with skip counting and other math skills. Each mat features a single multiplier and visually reinforces the multiplier intervals on the number line with small color blocks for the non-multiple numbers and large blocks for the multiples. Each mat includes the multiples up to ten times the base multiplier. For instance, on the Skip Counting by 3's Mat, the highest number is 3 x 10 (30).

SKIP COUNTING BY 2'S MAT	MM0002	30 in x 200 in	\$175
SKIP COUNTING BY 3'S MAT	MM0003	30 in x 200 in	\$175
SKIP COUNTING BY 4'S MAT	MM0004	30 in x 200 in	\$175
SKIP COUNTING BY 5'S MAT	MM0005	30 in x 200 in	\$175

SKIP COUNTING BY 9'S BANNER	MM0017	38 in x 67 in	\$75
SKIP COUNTING MATS SET	MM00171		\$450
Includes 3's, 4's, 6's, 7's, 8's, and 9's			

SKIP COUNTING INDOOR STICKERS

Our skip counting floor mats turned into floor stickers! Create beautiful, interactive learning hallways for your school! These large-format number line floor stickers have large blocks for each multiple, containing the numeral, word, and the equivalent number of symbols for multi-dimensional learning. Available as a single multiple sticker (left image below), or with multiplication shapes or multiplication boxes (right image below), and full sets of both options.

ADVANCED MATH

FRACTIONS, EXPONENTS, TRIGONOMETRY, OPERATIONS

Movement is great for older students, too! Hard to understand concepts, like fractions, can feel daunting for many students. We've designed these advanced math mats to give students the freedom to explore new concepts in a way that feels accessibly for all types of learners.

The following materials cover concepts mostly taught from grade 5, middle school, and high school. However, some can be introduced to earlier ages depending on the student's level.

Above: Cartesian Coordinate Hop Mat, 8 ft x 8 ft, \$395

complementary angles

ANGLE HOP MAT

MM160

This mat is a fun way to learn various angles and their names, including acute angle, right angle, obtuse angle, straight angle, reflex angle, vertical angles, complementary angles, and supplementary angles.

- Size: 21 in x 90 in
- Price: \$95

CARTESIAN COORDINATE HOP MAT

MM0071

This large format XY coordinate grid helps teach two-dimensional point location and early graphing skills. 8x8 ft and 10x10 ft mats come in two parts and are held together by heavy-duty Velcro.

- Mini: 5 ft x 5 ft \$245
- Regular: 8 ft x 8 ft \$395
- Large: 10 ft x 10 ft \$395

CUBED NUMBER HOP

MM183

This fun floor mat is designed to help kids learn cubed numbers using multiplication! The numbers include $1 \times 1 \times 1 = 1^3$ all the way through $10 \times 10 \times 10 = 10^3$

- Size: 30 in x 120 in
- Price: \$95

EQUIVALENT FRACTION HOP MAT

MM164

This mat makes it fun to learn equivalent fractions using circles, squares, and rectangles. Available in three sizes. 8x8 ft and 10x10 ft mats come in two parts and are held together by heavy-duty Velcro.

- Mini: 5 ft x 5 ft \$245
- Regular: 8 ft x 8 ft \$395
- Large: 10 ft x 10 ft \$395

EXPONENT HOP MAT

MM157

This floor mat shows exponents from zero to nine, helping students understand the breakdown of each. Includes x^0 through x^9 .

- Size: 38 in x 115 in
- Price: \$175

FIBONACCI NUMBER HOP MAT

MM153

Fibonacci numbers are named after an Italian mathematician, Leonardo da Pisa (1175-1250), who was better known as Fibonacci. This floor mat includes Fibonacci numbers 1 through 55 and instructions (ex. for 13, add 8+5).

- Size: 30 in x 129 in
- Price: \$175

FRACTION FUN WALL BANNER

MM0078

Hang this colorful wall banner in a high-traffic area or classroom for frequent fraction practice throughout the day. Color blocks and large print numbers help to visually reinforce the relationships between the fractional parts of the whole.

- Size: 38 in x 67 in
- Price: \$75

180 DEGREE FLOOR STICKER

MMST180

Use this protractor floor sticker with your classroom door to learn angles! Discover acute, right, and obtuse angles. Stick the sticker to smooth surfaces in front of the door frame.

- Size: 18 in x 36 in
- Price: \$115

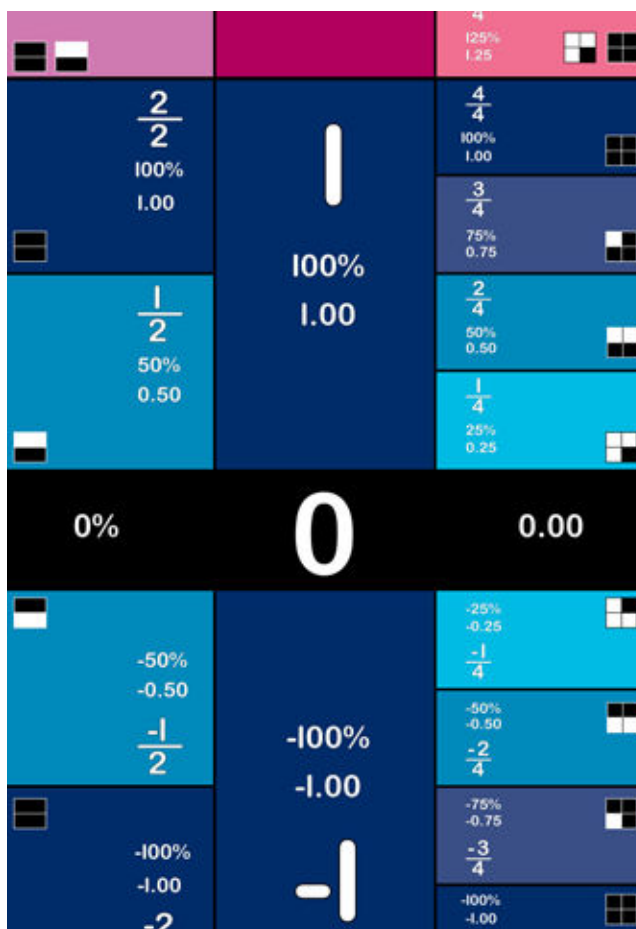

90 DEGREE FLOOR STICKER

MMST90

Use this protractor floor sticker with your classroom door to learn angles! Discover acute, right, and obtuse angles. Stick the sticker to smooth surfaces in front of the door frame.

- Size: 18 in x 18 in
- Price: \$95

These colorful floor mats provide visual cues to the relationships between parts and wholes. Available in two different fraction groups or as a set.

_____● Price: \$295

These mats provide visual cues to the relationships between fractional parts of whole numbers. They include negative numbers, fraction, decimal, and percent comparisons. Available in three fraction groups.

Price: \$375 each

Make solving function equations more fun with this floor mat. Includes two columns (x and $y=f(x)$) and 10 rows.

————● Price: \$95

This mat is a fun way to learn various kinds of operations and their names. Includes addition, subtraction, multiplication, division, greater than, greater than or equal to, less than, and less than or equal to.

—● Price: \$95

This colorful mat provides a fun way learn the orders of operations. Includes parenthesis, exponents, multiplication, division, addition, and subtraction.

————● Price: \$95

**POSITIVE & NEGATIVE
NUMBER MAT**

MM0066

This colorful vinyl mat includes the numbers negative ten through positive ten in numerals, letters and grouped symbols for building fundamental number literacy skills.

- Size: 30 in x 200 in
- Price: \$175

PRIME NUMBER HOP MAT

MM151

This mat is an enjoyable way for kids to learn some of the early prime numbers. Each block lists the numeral, written number word, and dots in the corresponding amount.

- Size: 30 in x 120 in
- Price: \$95

SQUARE NUMBER HOP MAT

MM170

This fun floor mat is designed to help kids learn square numbers, using both multiplication and addition! The numbers include 1 x 1 = 1 all the way through 20 x 20 = 400.

- Size: 30 in x 200 in
- Price: \$175

UNIT CIRCLE HOP (TRIG) MAT

MM176

Trig comes to life with this colorful floor mat! Includes common trig identities with degrees and radians, divided into quadrants.

- Size: 5 ft x 5 ft
- Price: \$245

UNIT CIRCLE HOP MAT

MM0082

Learn the shape of a circle and practice angles, angle turns and angle degrees with this giant floor mat that includes Cartesian coordinates along X and Y axes.

- Size: 5 ft x 5 ft
- Price: \$245

Above: Positive & Negative Number Mat, \$175

READING & WRITING

Above: Alphabet Hop Mat, \$295 (page 40)

FEATURES

Our literacy materials offer a kinesthetic opportunity for children to practice reading and writing skills. The large size of the mats allows children to jump as they practice learning to recognize letter and letter combinations, as well as common words. Multiple modalities (visual, auditory, motor, and kinesthetic) are used when students use our literacy products.

The following products range from floor mats, to stencils, to stickers. Please make sure you note the type of product. Floor mats are best for moving around the classroom and for sharing among classes. Floor stickers are more permanent fixtures in hallways and common areas. Stencils are used to create painted patterns outside.

If a design does not come in the variation you had hoped for, please reach out to see if it is possible for us to create the material in a different format.

LITERACY PRODUCT CATEGORIES

We've split up literacy products into 3 main categories to help you find what best fits your classroom needs. Grade ranges are suggested based on standards, but our materials can be adapted to cover a wide range of activities and grades.

■ EARLY / EMERGING READERS

Main Concepts: letter recognition, basic spelling
Main Grade Range:

■ EARLY FLUENT READERS

Main Concepts: intermediate spelling, sentence structure
Main Grade Range:

■ FLUENT READERS

Main Concepts: complex spelling
Main Grade Range:

EARLY/EMERGING READERS

LETTER RECOGNITION, BASIC SPELLING

Beginning readers benefit greatly from kinesthetic learning! Spelling and reading are turned into fun games with our early literacy mats. Students love learning through games and movement!

The following materials cover concepts mainly taught from PreK through Grade 1. However, most can also be expanded for higher grade levels.

Above: Spell-A-Word Mat, 110 in x 30 in, \$395 (page 43)

ALPHABET HOP MAT

HL019

Each letter of the alphabet appears with a related picture. These mats are a great way for early readers to drill letter recognition while moving their bodies.

Includes lowercase and capital letters

Size: 30 in x 200 in

Price: \$295

ALPHABET HOPSCOTCH STICKERS

SNY019

These individual alphabet stickers are perfect for hallways! Stickers include each capital letter, lowercase letter, and a word image. Vowels are indicated with a star. Stickers can be placed in hopscotch format or any way that fits your school's hallway.

Size: 11.5 in x 11.5 in / square

Price: \$295

ALPHABET HOP STENCILS

STNL019

Take literacy practice outside! Includes all lowercase and capital letters. Paint is not included.

Size: 19 in X 546 in

Price: \$295

CONFUSING LETTER MAT

HL021

Learn to recognize the differences between confusing letters. This floor mat reinforces the sounds and distinctive shapes of each letter. Includes: u, n, w, m, b, d, p, q

• Size: 21 in x 80 in

• Price: \$85

VOWEL HOP MAT

HL020

Colorful hopping mat makes drilling the shapes and sounds of vowels fun. Includes each vowel and a corresponding word and picture.

• Size: 21 in X 69 in

• Price: \$75

POINT & LOOK INFINITY TRACING STICKER

SK0053

This decal helps prepares students to read and spell. Not only does it warm up their eyes, but it also incorporates cross-body movement and engages both hemispheres of the brain to increase learning.

• Size: 20 in x 48 in

• Price: \$29.95

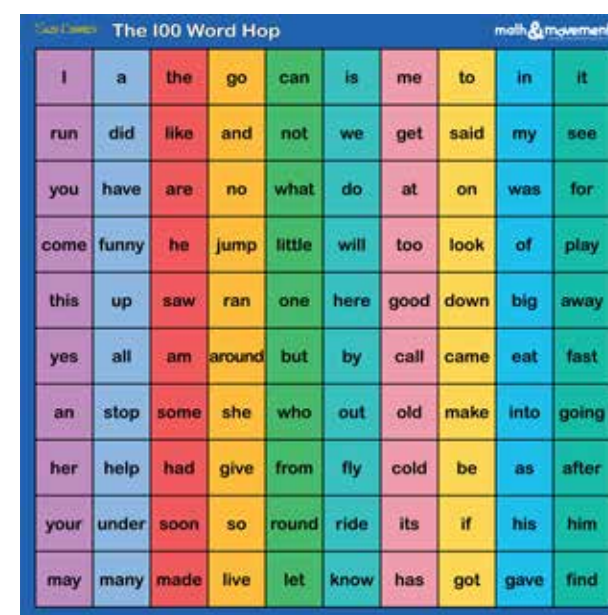

COMMONLY CONFUSED WORD HOP MAT

HL157

Help your students learn and hear the difference between these commonly confused words. Especially with a child with an accent, many of these words are spoken the same way. After hopping around and using this mat, they will learn to associate the correct vowel sounds with each word.

• Size: 38 in x 89 in

• Price: \$145

100 WORD HOP MAT

HL255

An engaging way to practice one hundred different site words. 8x8 ft and 10x10 ft mats come in two parts and are held together by heavy-duty Velcro.

• Mini: 5 ft x 5 ft \$245

• Regular: 8 ft x 8 ft \$395

• Large: 10 ft x 10 ft \$395

GARDEN LITERACY MAT

SH0034

Learn about the outdoors with our Garden Literacy Mat! Students will learn the meaning of science terms and can practice one-to-one correspondence as they jump down the garden path!

• Size: 38 in x 120 in

• Price: \$195

MAKE-A-WORD HOP

Build reading skills with word building activities. Includes 4 spaces for letters. Available as a floor mat with cards, a laminated floor mat to use with dry-erase markers, or a laminated sticker for use with dry-erase markers.

**HL024 MAKE-A-WORD HOP
MAT + CARDS**

**HLLM024 MAKE-A-WORD HOP
LAMINATED FLOOR MAT**

**HLST024 MAKE-A-WORD HOP
LAMINATED STICKER**

• Size: 54 in x 36 in

• Price: \$395

SPELL-A-WORD HOP

A larger version of our Make-A-Word Hop. Includes 8 spaces for letters. Available as a floor mat with cards, a laminated floor mat to use with dry-erase markers, or a laminated sticker for use with dry-erase markers.

**HL194 SPELL-A-WORD HOP
MAT + CARDS**

**HLLM194 SPELL-A-WORD HOP
LAMINATED FLOOR MAT**

**HLST194 SPELL-A-WORD HOP
LAMINATED STICKER**

• Size: 110 in x 30 in

• Price: \$395

WORD BLENDING MATS

Learn the fundamentals of reading through word building. Blend with the root at the top of the mat. Then, tap the "Real word" or "Silly word" spot. Cards included. See our website for a full list of the letters on each mat. Options:

DOUBLE H	HL011	21 in x 91 in	\$135
DOUBLE L	HL012	21 in x 91 in	\$135
DOUBLE R	HL013	21 in x 91 in	\$135
DOUBLE S	HL014	21 in x 91 in	\$135
B-H	HL015	21 in x 91 in	\$135
J-P	HL016	21 in x 91 in	\$135
R-Z	HL017	21 in x 91 in	\$135
FULL SET	HL114		\$895

Includes all 7 Word Blending Mats + Cards

BLANK WORD HOP

The Blank Word Hop Laminated products feature the same great concept as our original Word Hop Mats, but now you and your students can write in your own words. Available as a laminated floor mat or sticker.

**HLLM201 BLANK WORD HOP
LAMINATED FLOOR MAT**

**HLST201 BLANK WORD HOP
LAMINATED STICKER**

• Size: 21 in x 75 in

• Price: \$95

CUSTOM WORD HOP FLOOR STICKER

HLSTCUSTOMWH

Create customized word hop stickers for your classroom and school's needs. 7 words per floor sticker. Custom Examples: Spanish Words, 3rd-5th Grade Power Words, Math Vocabulary Words. Minimum order of 3 stickers.

• Size: 21 in x 75 in

• Price: \$95

Suzi Kew's Word Hop A

WORD HOP MATS

This collection of mats covers all of the 220 Sight Words identified by Dr. Dolch as basic words that, for the most part, cannot be sounded out and must be learned by sight. Students drill letter and word recognition through movement making the learning of these vital words fun. See our website for a full list of the words on each of the mats. Each mat has 7 words.

LEARNING HALLWAYS

Hallways and stairs are large areas of your school that you could be using for kinesthetic learning! Any of the stickers you see throughout the catalog would also be perfect additions for your sensory hallways.

1. STAIR RISER STICKERS

Decorate your school's stairs with colorful multiplication stickers or custom stair risers based on your school's needs. Encourage students to practice concepts on their way to class! Designed to fit your school's stairways. Pre-made designs include affirmations, book quote, math and Wellness, Money / Fraction / Decimal, multiplication facts, photos, and school spirit. View all of our pre-made designs or upload your own custom designs on our website.

Note: Price is determined by stair width. Stair quantity and width range will update the price.

SENSORY HALLWAY KITS

Brighten up your hallways and increase student learning throughout the school day! These stickers are ideal for elementary school. Our hallway stickers, like our floor mats, help students learn multiplication, division, factoring, addition, subtraction, place value, rounding and so much more!

Design your own hallway here and receive a custom quote. Or, select one of our pre-designed kits on our website.

Hopscotch for Threes Floor Sticker pictured left.

SOCIAL DISTANCING POSITIVE AFFIRMATION STICKERS

AST0010

We have created these positive affirmation social distancing stickers to brighten up your hallways and stay distanced! Full list of affirmations are available on our website.

• Size: 12 in diameter

• Price: \$14.95

SCHOOL SPIRIT STICKERS

CUSTOMSSS

Decorate your school walls and hallway floors with custom school spirit stickers! Perfect for school mascot images or school names.

Based on your desired image or text, we will fit the logo within our max dimensions of 21 inches x 21 inches. Contact us for custom designs and other sizing options.

Laminated decals (approved floor laminate)

WORKBOOKS, MANUALS, & MORE

We have many different training manuals, workbooks, and lesson plans to help implement the Math & Movement program in the classroom or at home.

Program founder, Suzy Koontz, has also written several children’s books to bring math lessons to story time!

We are in the process of adding more connections to state standards. If you are interested in working with us to align our books and lesson plans to your state standards, please let us know.

TRAINING MANUALS

MATH & MOVEMENT TRAINING MANUAL

This manual includes over 250 movements to energize children and adults. Use the math-movements to wake up a child’s sleepy brain, liven up faculty meetings or just to feel better! Your students will receive rigorous and intentional math practice while engaging in physical exercise!

TRAUMA AND LEARNING VIRTUAL TRAINING

USING MOVEMENT TO SUPPORT STUDENTS WITH ADVERSE CHILDHOOD EXPERIENCES

In this 6-part virtual training, Math & Movement founder, Suzy Koontz, will discuss effective teaching strategies that help students with ACEs overcome the learning barrier and excel in their academic career.

Session topics include the background on ACEs and toxic stress, brain research, the damaging consequences for students with ACEs, the appropriate role of the educator, and innovative strategies to calm students and help them learn.

THE SESSIONS

- Trauma and Its Effects on Students
- How Toxic Stress Damages the Brain
- How and Why Kinesthetic Learning Benefits All Students
- The Role of the Educator in Supporting Students with ACEs
- Literacy: Practical Strategies to Counteract the Ill-Effects of ACEs and Toxic Stress
- Math: Practical Techniques to Attenuate the Damage of ACEs and Toxic Stress

"This training was so helpful and pertinent to my school community. It has allowed me to be very reflective on my teaching practices. I am looking forward to all the practical things I can start in my classroom right away!"

I am excited to incorporate these ideas into distance learning, classroom learning, and family connections this fall."

LISA ZDAN,
2020 SUMMER TRAINING
ATTENDEE

WHAT'S INCLUDED:

Ebooks:

- Math & Movement Training Manual e-book by Suzy Koontz
- Using Movement to Reach Students: Kinesthetic Learning for the Trauma-Informed Classroom e-book by Suzy Koontz and the Math & Movement team

10 hours of professional development credit:

- 6 Contact Hours (VIRTUAL)
- 4 Hours OF Projects/Readings

TARGET AUDIENCE:

Educators of students PreK through fifth grade who are curious about ACEs and the ways movement-based learning can be used to increase learning.

Please note: this is an introduction to ACEs and trauma-based learning. If you have had detailed training in ACEs, this course may not provide new information for you.
